

SELECTED REFERENCES ON CONSTRUCTION MATERIALS  
IN WYOMING

by

Ray E. Harris and John E. Meyer

GEOLOGICAL SURVEY OF WYOMING  
OPEN FILE REPORT 85-2

January, 1985

This report has not been reviewed for conformity with the editorial standards of the Geological Survey of Wyoming.

TABLE OF CONTENTS

	Page
INTRODUCTION .....	ii
AGGREGATE .....	1
AGGREGATE-BALLAST .....	4
AGGREGATE-CLINKER .....	4
CLAY .....	6
DOLOMITE .....	6
GYP SUM .....	8
LIMESTONE .....	10
MARBLE .....	11
PUMICE AND PUMICITE .....	12
STONE - ANORTHOSITE .....	12
STONE - DIMENSION AND ORNAMENTAL .....	13
STONE - TRAVERTINE .....	13
GENERAL .....	14

## INTRODUCTION

This list of selected references is intended to help those interested in the construction material resources of Wyoming. The list is organized by commodity. The heading, GENERAL, at the end of the list, contains references dealing with several commodities, large areas, or the state as a whole. Additional information may be obtained by contacting the authors at:

The Geological Survey of Wyoming  
Box 3008, University Station  
Laramie, Wyoming 82071  
phone: (307) 742-2054 or (307) 766-2286

## SELECTED REFERENCES

### AGGREGATE

Anonymous, 1946, Wyoming construction materials and nonmetallic mineral deposits: U.S. Geological Survey unpublished report (Geological Survey of Wyoming files), 258 p.

Anonymous, 1959, Lightweight aggregate producing plants in the United States and Canada: Pit and Quarry Publication, Chicago, Illinois, 1 map, scale approximately 1:7,000,000.

Ball, S.H., 1907, Portland cement materials in eastern Wyoming: U.S. Geological Survey Bulletin 315, p. 232-245.

Bolmer, R.L., and Biggs, P., 1965, Mineral resources and their potential on Indian lands, Wind River Indian Reservation, Fremont and Hot Springs Counties, Wyoming: U.S. Bureau of Mines Preliminary Report 159, 103 p.

Brobst, D.A., 1961, Geology of the Dewey Quadrangle, Wyoming - South Dakota: U.S. Geological Survey Bulletin 1063-B, 60 p.

Brobst, D.A., and Epstein, J.B., 1963, Geology of the Fanny Peak Quadrangle, Wyoming-South Dakota: U.S. Geological Survey Bulletin 1063-I, 54 p.

Case, J.C., and Boyd, C.S., 1984, Preliminary map of landslides and windblown sand deposits on the Arminto, Cheyenne, Newcastle, and Torrington 1° x 2° topographic maps, Wyoming: Geological Survey of Wyoming unpublished reports, scale 1:250,000.

Case, J.C., Boyd, C.S., 1984, Preliminary map of landslides and windblown sand deposits on the Casper 1° x 2° topographic map: Geological Survey of Wyoming Open File Report 84-9, scale 1:125,000.

Case, J.C., Boyd, C.S., and Murray, W.B., 1984, Preliminary map of landslides and windblown sand deposits on the Rawlins 1° x 2° topographic map: Geological Survey of Wyoming Open File Report 84-8 scale 1:125,000.

Case, J.C., Boyd, C.S., Murray, W.B., and Piwoschuk, K.L., 1984, Preliminary map of landslides and windblown sand deposits on the Wyoming half of the Ogden 1° x 2° topographic map: Geological Survey of Wyoming Open File Report 84-1, scale 1:125,000.

Case, J.C., Boyd, C.S., Murray, W.B., and Piwoschuk, K.L., 1984, Preliminary map of landslides and windblown sand deposits on the Wyoming half of the Preston 1° x 2° topographic map: Geological Survey of Wyoming Open File Report 84-2, scale 1:125,000.

Case, J.C., Boyd, C.S., Murray, W.B., and Piwoschuk, K.L., 1984, Preliminary map of landslides and windblown sand deposits on the Rock Springs 1° x 2°

topographic map: Geological Survey of Wyoming Open File Report 84-4, scale 1:125,000.

Case, J.C., Boyd, C.S., Murray, W.B., and Piwoschuk, K.L., 1984, Preliminary map of landslides and windblown sand deposits on the Lander 1° x 2° topographic map: Geological Survey of Wyoming Open File Report 84-5, scale 1:125,000.

Case, J.C., and Piwoschuk, K.L., 1984, Preliminary map of landslides and windblown sand deposits on the Gillette 1° x 2° topographic map: Geological Survey of Wyoming Open File Report 84-12, scale 1:125,000.

Case, J.C., Piwoschuk, K.L., and Murray, W.B., 1984, Preliminary map of landslides and windblown sand deposits on the Thermopolis 1° x 2° topographic map: Geological Survey of Wyoming Open File Report 84-6, scale 1:125,000.

Clabaugh, S.E., Larrabee, D.M., Griffitts, W.R., Fischer, E.C., Fox, E.L., and Wilson, M.K., 1946, Map showing construction materials and nonmetallic mineral resources of Wyoming: U.S. Geological Survey Missouri Basin Studies no. 9., scale 1:500,000.

Davis, R.E., 1962, Geology and uranium deposits of the Strawberry Hill Quadrangle, Crook County, Wyoming: U.S. Geological Survey Bulletin 1127, 87 p.

Hagner, A.F., 1953, Mineral deposits of the Laramie Range, Wyoming: Wyoming Geological Association 8th Annual Field Conference Guidebook, p. 111-118.

Hausel, W.D., 1982, Ore deposits of Wyoming: Geological Survey of Wyoming Preliminary Report 19, 39 p.

Hose, R.K., 1955, Geology of the Crazy Woman Creek area, Johnson County, Wyoming: U.S. Geological Survey Bulletin 1027-B, 118 p.

Krza, P., 1978, Pumice may be mined near Superior: Casper, Wyoming, Casper Star-Tribune, February, 1978, 1 p.

Lamb, D.R. and Sweet, H.S., 1953, Concrete aggregate problems in Wyoming: Wyoming Geological Association 8th Annual Field Conference Guidebook, p. 121-125.

Larrabee, D.M., Clabaugh, S.E., and Dow, D.H., 1945, Mineral resources of the Missouri Basin, Part 4, construction materials: U.S. Geological Survey Missouri Basin Studies no. 1, 2 maps, scale 1:2,500,000.

Larrabee, D.M., and Shride, A.F., 1946, Preliminary map showing sand and gravel deposits of Wyoming: U.S. Geological Survey Missouri Basin Studies no. 5, scale 1:500,000.

Lewis, R.A., 1980, General aggregate survey, MX missile system: Cheyenne, Wyoming Highway Department unpublished report (Geological Survey of Wyoming files), 3 p.

Love, J.D., 1973, Map showing rock materials useful for construction in the Jackson Quadrangle, Teton County, Wyoming: U.S. Geological Survey Miscellaneous Field Investigations Map I-769-B, scale 1:24,000.

Mapel, W.J., and Pillmore, C.L., 1963, Geology of the Inyan Kara Mountain Quadrangle, Crook and Weston Counties, Wyoming: U.S. Geological Survey Bulletin 1121-M, 56 p.

Osterwald, F.W., 1947, Occurrence of pumice in the southern part of the Leucite Hills, Sweetwater County, Wyoming: Geological Survey of Wyoming unpublished report, 2 p., map scale 1:125,000.

Pillmore, C.L., and Mapel, W.J., 1963, Geology of the Nefsy Divide Quadrangle, Crook County, Wyoming: U.S. Geological Survey Bulletin 1121-E, 52 p.

Richards, P.W., 1955, Geology of the Bighorn Canyon - Hardin area, Montana and Wyoming: U.S. Geological Survey Bulletin 1026, 93 p.

Richmond, G.M., Cattermole, J.M., Truesdell, P.E. and Foster, F.W., 1947, A reconnaissance of the sand and gravel deposits of Wyoming: Missouri River Basin Development Program unpublished report (Geological Survey of Wyoming files), 219 p.

Richmond, G.M., Cattermole, J.M., Truesdell, P.E., and Foster, F.W., 1976, Test data on sand and gravel deposits of Wyoming: Missouri River Basin Development Program unpublished report (Geological Survey of Wyoming files), 175 p.

Root, F.K., 1972, Pumice and scoria prospects in the Leucite Hills, sections 4, 10, 12, 14, and 24, T.21N., R.102W., Sweetwater County, Wyoming: Geological Survey of Wyoming unpublished report, 5 p.

Short, B., 1958, Superior pumice deposit: Geological Survey of Wyoming unpublished report, 3 p.

United States Geological Survey, 1972, Surficial geologic map of Yellowstone National Park: U.S. Geological Survey Miscellaneous Geologic Investigations Map I-710, scale 1:125,000.

Van Houten, F.B., 1964, Tertiary geology of the Beaver Rim area, Fremont and Natrona Counties, Wyoming: U.S. Geological Survey Bulletin 1164, 99 p.

Wilson, W.H., 1953, Metallic and nonmetallic mineral deposits of the Laramie area: Wyoming Geological Association 8th Annual Field Conference Guidebook, p. 119-120.

Wyoming State Highway Department, 1964, Construction materials survey, Fort Bridger to Granger Junction section, Wyoming: Cheyenne, Wyoming, unpublished report (Geological Survey of Wyoming files), 181 p.

Wyoming State Highway Department, 1965, Construction materials survey, Granger Junction to Flaming Gorge Junction: Cheyenne, Wyoming, unpublished report (Geological Survey of Wyoming files), 185 p.

Wyoming State Highway Department, 1965, Construction materials survey, north Johnson County, Wyoming: Cheyenne, Wyoming, unpublished report (Geological Survey of Wyoming files) 229 p.

Wyoming State Highway Department, 1965, Construction materials survey, south Johnson County, Wyoming: Cheyenne, Wyoming, unpublished report (Geological Survey of Wyoming files) 209 p.

Wyoming State Highway Department, 1966, Statewide material inventory, Casper to Glenrock, Wyoming: Cheyenne, Wyoming, unpublished report (Geological Survey of Wyoming files) 197 p.

Wyoming State Highway Department, 1968, Construction materials inventory, Interstate Route 25, Casper to Glenrock: Cheyenne, Wyoming, unpublished report (Geological Survey of Wyoming files) 197 p.

Wyoming State Highway Department, 1968, Construction materials survey, southern Campbell County, Reno Junction area, Wyoming: Cheyenne, Wyoming, unpublished report (Geological Survey of Wyoming files) 110 p.

Wyoming State Highway Department, 1968, Statewide material inventory, Bates Creek to Johnson - Natrona County line, Wyoming: Cheyenne, Wyoming, unpublished report (Geological Survey of Wyoming files) 188 p.

Wyoming State Highway Department, 1968, Statewide material inventory, Fort Steele to Halleck Ridge, Wyoming: Cheyenne, Wyoming, unpublished report (Geological Survey of Wyoming files) 205 p.

Wyoming State Highway Department, 1968, Statewide material inventory, Laramie to McFadden, Wyoming: Cheyenne, Wyoming, unpublished report (Geological Survey of Wyoming files) 168 p.

Wyoming State Highway Department, 1968, Statewide material inventory, South Dakota state line, southwest, Wyoming: Cheyenne, Wyoming, unpublished report (Geological Survey of Wyoming files) 83 p.

#### AGGREGATE-BALLAST

Aalberg, H.A., 1945, Purchase land in sections 5 and 6, T.26N., T.65W., east of Guernsey, Wyoming: Chicago, Burlington and Quincy Railroad unpublished company map (Geological Survey of Wyoming files), scale 1:12,000.

Anonymous, 1948, Union Pacific gravel "mine" has long lifetime ahead: Laramie, Wyoming, Republican-Boomerang, December 30, 1948, 1 p.

#### AGGREGATE-CLINKER

Anonymous, 1946, Wyoming construction materials and nonmetallic mineral deposits: U.S. Geological Survey unpublished report (Geological Survey of Wyoming files), 258 p.

Blanchard, L.F., 1981, Geologic map and coal deposits of the Seminole Dam S.E. Quadrangle, Carbon County, Wyoming: U.S. Geological Survey Open-file Report 81-717, scale 1:24,000.

- Hose, R.K., 1955, Geology of the Crazy Woman Creek area, Johnson County, Wyoming: U.S. Geological Survey Bulletin 1027-B, 118 p.
- Kanizay, S.P., 1978, Preliminary geologic map of the Sheridan area, northwestern Powder River Basin, Wyoming: U.S. Geological Survey Miscellaneous Field Studies Map MF-1043, scale 1:50,000.
- Kanizay, S.P., Obernyer, S.L., and Cattermole, J.M., 1976, Preliminary geologic map of the Buffalo area, northwest Powder River Basin, Wyoming: U.S. Geological Survey Miscellaneous Field Studies Map MF-806, scale 1:50,000.
- Kent, B.H., and Berlage, L.J., 1980, Geologic map of the Recluse 1° x 2° Quadrangle, Campbell and Crook Counties, Wyoming: U.S. Geological Survey Coal Investigations Map C-81-D, scale 1:100,000.
- Love, J.D., 1973, Map showing rock materials useful for construction in the Jackson Quadrangle, Teton County, Wyoming: U.S. Geological Survey Miscellaneous Field Investigations Map I-769-B, scale 1:24,000.
- Mapel, W.J., 1959, Geology and coal resources of the Buffalo-Lake De Smet area, Johnson and Sheridan Counties, Wyoming: U.S. Geological Survey Bulletin 1078, 148 p.
- Masursky, H., 1962, Uranium-bearing coal in the eastern part of the Red Desert area, Wyoming: U.S. Geological Survey Bulletin 1099-B, Plate 1, scale 1:62,500.
- Masursky, H., and Pipiringos, G.N., 1959, Uranium-bearing coal in the Red Desert area, Sweetwater County, Wyoming: U.S. Geological Survey Bulletin 1055-G, Plate 36, scale 1:63,360.
- Olive, W.W., 1957, The Spotted Horse coal field, Sheridan and Campbell Counties, Wyoming: U.S. Geological Survey Bulletin 1050, 83 p.
- Reheis, M.C., 1982, Geologic map of the Gillette 30' x 60' Quadrangle, Campbell and Crook Counties, Wyoming: U.S. Geological Survey Miscellaneous Field Studies Map MF-1387, scale 1:100,000.
- Schell, E.M., and Mowat, G.D., 1972, Reconnaissance map showing some coal and clinker beds in the Fort Union and Wasatch Formations in the eastern Powder River Basin, Campbell and Converse Counties, Wyoming: U.S. Geological Survey Open-file Report 72-329, scale 1:63,360.
- Wyoming State Highway Department, 1965, Construction materials survey, south Johnson County, Wyoming: Cheyenne, Wyoming, unpublished report (Geological Survey of Wyoming files), 209 p.
- Wyoming State Highway Department, 1965, Construction materials survey, north Johnson County, Wyoming: Cheyenne, Wyoming, unpublished report (Geological Survey of Wyoming files), 229 p.
- Wyoming State Highway Department, 1966, Statewide material inventory, Casper to Glenrock, Wyoming: Cheyenne, Wyoming, unpublished report (Geological Survey of Wyoming files), 197 p.

Wyoming State Highway Department, 1968, Statewide material inventory, South Dakota state line, southwest, Wyoming: Cheyenne, Wyoming, unpublished report (Geological Survey of Wyoming files), 83 p.

Wyoming State Highway Department, 1968, Statewide material inventory, Bates Creek to Johnson-Natrona County line, Wyoming: Cheyenne, Wyoming, unpublished report (Geological Survey of Wyoming files), 188 p.

Wyoming State Highway Department, 1968, Statewide material inventory, Fort Steele to Halleck Ridge, Wyoming: Cheyenne, Wyoming, unpublished report (Geological Survey of Wyoming files), 205 p.

Wyoming State Highway Department, 1968, Statewide material inventory, Laramie to McFadden, Wyoming: Cheyenne, Wyoming, unpublished report (Geological Survey of Wyoming files), 168 p.

### CLAY

Bolmer, R.L., and Biggs, P., 1965, Mineral resources and their potential on Indian lands, Wind River Indian Reservation, Fremont and Hot Springs Counties, Wyoming: U.S. Bureau of Mines Preliminary Report 159, 103 p.

Knight, S.H., 1932, Summary report on the occurrence and character of a clay bed underlying the townsite of Albany, Albany County, Wyoming: Geological Survey of Wyoming unpublished report, 2 p.

Osterwald, F.W., 1947, Geologic reconnaissance of available natural resources in the vicinity of Evanston, Wyoming: Geological Survey of Wyoming unpublished report, 4 p.

Parks, A., 1980, Lovell clay products fading away: Casper, Wyoming, Casper Star-Tribune September 14, 1980, p. B1.

Schultz, L.G., and Mapel, W.J., 1961, Clays in the Inyan Kara Group (Cretaceous), Black Hills, Wyoming and South Dakota: U.S. Geological Survey Professional Paper 424-C, p. 172-175.

Van Sant, J.N., 1961, Refractory-clay deposits of Wyoming: U.S. Bureau of Mines Report of Investigations 5652, 105 p.

Wilson, W.H., 1953, Metallic and nonmetallic mineral deposits of the Laramie area: Wyoming Geological Association 8th Annual Field Conference Guidebook, p. 119-120.

### DOLOMITE

Allsman, P.T., 1942, Preliminary report on dolomite as a source of magnesium in Wyoming: U.S. Bureau of Mines unpublished report (Geological Survey of Wyoming files), 21 p.

Battershell, W., 1942, Dolomite in the Big Horn [sic] Basin, Wyoming with special reference to expediency of local production of magnesium metal: Unpublished consultant report (Geological Survey of Wyoming files), 18 p.

Battershell, W., 1942, Dolomite on Little Sheep Mountain near Lovell, Wyoming: unpublished report to the War Production Board, Cheyenne, Wyoming (Geological Survey of Wyoming files), 1 p.

Bolmer, R.L., and Biggs, P., 1965, Mineral resources and their potential on Indian lands, Wind River Indian Reservation, Fremont and Hot Springs Counties, Wyoming: U.S. Bureau of Mines Preliminary Report 159, 103 p.

Deiss, C., 1945, Distribution of dolomite deposits in the western states: U.S. Geological Survey unpublished report, 4 p., map scale 1:2,534,400.

Duncan, H.J., 1942, Analyses of Precambrian dolomites, Laramie Mountains: U.S. Geological Survey unpublished memorandum to A.B. Bartlett (Geological Survey of Wyoming files), 1 p.

Duncan, H.J., 1942, Determination of magnesium from dolomite samples from Platte and Albany Counties, Wyoming: U.S. Geological Survey unpublished report to the War Production Board, Cheyenne, Wyoming (Geological Survey of Wyoming files), 1 p.

Fish, H.G., 1953, Wyoming (raw materials): Industrial and Engineering Chemistry, v. 45, p. 2449-2454.

Hagner, A.F., 1942, Romsa Ranch dolomite deposit: Geological Survey of Wyoming unpublished report, 3 p., map scale 1:2,400.

Hagner, A.F., 1953, Mineral deposits of the Laramie Range, Wyoming: Wyoming Geological Association 8th Annual Field Conference Guidebook, p. 111-118.

Lewis, R.A., 1980, General aggregate survey, MX missile system: Cheyenne, Wyoming Highway Department unpublished report (Geological Survey of Wyoming files), 3 p.

Minnear, F.L., 1942, Magnesium and ferrosilicon from Wind River Canyon dolomite: Unpublished report to H.D. Thomas, Wyoming State Geologist (Geological Survey of Wyoming files), 1 p.

Richards, P.W., 1955, Geology of the Bighorn Canyon - Hardin area, Montana and Wyoming: U.S. Geological Survey Bulletin 1026, 93 p.

Simons, F.S., Love, J.D., Keefer, W.R., Harwood, D.S., and Bieniewski, C.L., 1981, Mineral resources of the Gros Ventre Wilderness study area, Teton and Sublette Counties, Wyoming: U.S. Geological Survey Open-file Report 81-510, 94 p.

Snow, L.C., 1942, Analyses of dolomite samples from Cody and Casper, Wyoming: U.S. Geological Survey unpublished report to the War Production Board, Cheyenne, Wyoming (Geological Survey of Wyoming files), 1 p.

Snow, L.C., 1942, Dolomite from Wind River-Big Horn [sic] Canyon, near Thermopolis, Wyoming: U.S. Geological Survey unpublished report to the War Production Board, Cheyenne, Wyoming (Geological Survey of Wyoming files), 1 p.

Stafford, C.B., [1942], Lovell dolomite [Little Sheep Mountain]: Cheyenne, War Production Board unpublished report (Geological Survey of Wyoming files), 6 p.

Steele, G.B., 1944, Dolomite [Wind River Canyon]: Unpublished report to W.H. Dow, Dow Chemical Company, Midland, Michigan (Geological Survey of Wyoming files), 3 p.

Thomas, H.D., 1942, Memorandum on the occurrence of dolomite in Wyoming: Geological Survey of Wyoming unpublished report, 7 p., map scale 1:2,000,000.

Thomas, H.D., 1943, Preliminary memorandum on the occurrence of dolomitic limestone in Roger's [sic] Canyon, Albany County, Wyoming: Geological Survey of Wyoming unpublished report, 2 p.

### GYPSUM

Anonymous, 1946, Wyoming construction materials and nonmetallic mineral deposits: U.S. Geological Survey unpublished report (Geological Survey of Wyoming files), 258 p.

Anonymous, 1975, Big Horn Gypsum Plant plans expansion: Big Wyoming Progress Reports, v. 7, no. 1, p. 1.

Ball, S.H., 1907, Portland cement materials in eastern Wyoming: U.S. Geological Survey Bulletin 315, p. 232-245.

Bolmer, R.L., and Biggs, P., 1965, Mineral resources and their potential on Indian lands, Wind River Indian Reservation, Fremont and Hot Springs Counties, Wyoming: U.S. Bureau of Mines Preliminary Report 159, 103 p.

Brobst, D.A., and Epstein, J.B., 1963, Geology of the Fanny Peak Quadrangle, Wyoming-South Dakota: U.S. Geological Survey Bulletin 1063-I, 54 p.

Bullock, J.M., 1965, Gypsum deposits in the northwestern part of the Big Horn [sic] Basin, Park County, Wyoming: University of Wyoming unpublished M.S. thesis, 91 p.

Bullock, J.M., and Wilson, W.H., 1969, Gypsum deposits in the Cody area, Park County, Wyoming: Geological Survey of Wyoming Preliminary Report 9, 12 p.

Celotex Corporation, 1983, Quarry locations: Unpublished company map (Geological Survey of Wyoming files), scale 1:12,000.

Cuppels, N.P., 1963, Geology of the Clifton Quadrangle, Wyoming and South Dakota: U.S. Geological Survey Bulletin 1063-H, 50 p.

Fisher, F.S., 1965, Genesis of recent gypsum in the Stinkingwater mining region, Park County, Wyoming: University of Wyoming Contributions to Geology, v. 4, no. 2, p. 45-49.

Greene, J.F., 1970, Stratigraphy and sedimentary tectonics of the Gypsum Spring Formation, Middle Jurassic, Fremont County, Wyoming: University of Michigan unpublished M.S. thesis, 37 p.

Hausel, W.D., 1982, Ore deposits of Wyoming: Geological Survey of Wyoming Preliminary Report 19, 39 p.

Lupton, C.T., and Condit, D.D., 1916, Gypsum in the southern part of the Bighorn Mountains, Wyoming: U.S. Geological Survey Bulletin 640, p. 139-157.

Mapel, W.J. and Bergendahl, M.H., 1956, Gypsum Spring Formation, northwestern Black Hills, Wyoming and South Dakota: American Association of Petroleum Geologists Bulletin, v. 40, no. 1, p. 84-93.

Mapel, W.J., and Pillmore, C.L., 1963, Geology of the Inyan Kara Mountain Quadrangle, Crook and Weston Counties, Wyoming: U.S. Geological Survey Bulletin 1121-M, 56 p.

Max, M.D., 1965, Gypsum deposits in the northeastern part of the Bighorn Basin, Big Horn County, Wyoming: University of Wyoming unpublished M.S. thesis, 56 p.

Meyer, J.E., 1984, The stratigraphy of the Gypsum Spring Formation (Middle Jurassic) northwestern Bighorn Basin, Wyoming: University of Wyoming unpublished M.S. thesis, 87 p.

Millgate, M.L., 1965, Sampling of limestone and gypsum in the Newcastle area, Weston County, Wyoming: Geological Survey of Wyoming unpublished report, 14 p.

Monckton, R.W., 1970, Gypsum analyses and map of gypsum deposits near Thermopolis by Mr. Gamberg and Mr. Campbell: University of Wyoming Natural Resources Research Institute unpublished report (Geological Survey of Wyoming files), 3 p., map scale 1:31,680.

Nelson, C.M., 1963, Gypsum Spring and "Lower Sundance" Formations (Jurassic) eastern Big Horn [sic] Mountains, Wyoming and Montana: Michigan State University unpublished M.S. thesis, 80 p.

Nicoll, G.A., 1963, Geology of the Hutton anticline area, Albany County, Wyoming: University of Wyoming unpublished M.S. thesis, 80 p.

Richards, P.W., 1955, Geology of the Bighorn Canyon - Hardin area, Montana and Wyoming: U.S. Geological Survey Bulletin 1026, 93 p.

Root, F.K., 1974, Gypsum deposits of the Laramie Basin, Albany County, Wyoming: Geological Survey of Wyoming unpublished report, 5 p., map scale 1:250,000.

Stone, R.W., 1920, Gypsum deposits of the United States (Wyoming): U.S. Geological Survey Bulletin 697, p. 295-308.

Westervelt, T.N., 1969, Gypsum deposits in Wyoming: Geological Survey of Wyoming unpublished report, 52 p.

Wilson, W.H., 1953, Metallic and nonmetallic mineral deposits of the Laramie area: Wyoming Geological Association 8th Annual Field Conference Guidebook, p. 119-120.

## LIMESTONE

Anonymous, undated, Limestone [Granite Canyon, Altus, Horse Creek, Spence, and Guernsey, Wyoming]; Geological Survey of Wyoming unpublished report, 2 p.

Anonymous, 1946, Wyoming construction materials and nonmetallic mineral deposits: U.S. Geological Survey unpublished report (Geological Survey of Wyoming files), 258 p.

Anonymous, 1953, Anorthosite and limestone analyses, Albany and Platte Counties, Wyoming: U.S. Bureau of Mines unpublished laboratory report (Geological Survey of Wyoming files), 7 p.

Ball, S.H., 1907, Portland cement materials in eastern Wyoming: U.S. Geological Survey Bulletin 315, p. 232-245.

Bolmer, R.L., and Biggs, P., 1965, Mineral resources and their potential on Indian lands, Wind River Indian Reservation, Fremont and Hot Springs Counties, Wyoming: U.S. Bureau of Mines Preliminary Report 159, 103 p.

Brobst, D.A., and Epstein, J.B., 1963, Geology of the Fanny Peak Quadrangle, Wyoming-South Dakota: U.S. Geological Survey Bulletin 1063-I, 54 p.

Brown, N.A., 1976, Limestone on the Union Pacific land grant, Albany County, Wyoming: Rocky Mountain Energy unpublished company report (Geological Survey of Wyoming files), 14 p.

Fish, H.G., 1953, Wyoming (raw materials): Industrial and Engineering Chemistry, v. 45, p. 2449-2454.

Guy, J.W., 1959, Geologic map of the White Sands mining area [East of Laramie]: Geological Survey of Wyoming unpublished map, scale 1:12,000.

Hagner, A.F., 1953, Mineral deposits of the Laramie Range, Wyoming: Wyoming Geological Association 8th Annual Field Conference Guidebook, p. 111-118.
