Wyoming State Geological Survey
Attn: James Mauch
P.O. Box 1347
Laramie, WY 82073

Date of occurrence: _____

Landslide reported by (your name): _____

Phone: _____ Email: _____

Landslide location: _____

Helpful Information

Fill out the appropriate land survey or coordinates. If an address or coordinates cannot be provided, a detailed description of the landslide location is appreciated.

U.S. Public Land Survey System

| Topo Map/Quadrangle | Township | Range | Section |
|---------------------|----------|-------|---------|
| | | | |

*Please specify the sections quarters (i.e. SE^{1/4}, SW^{1/4}, SE^{1/4}, SE^{1/4})

Coordinates:

Degrees, Minutes and Seconds

| Latitude | Longitude |
|----------|-----------|
| | |

Decimal Degrees

| Latitude | Longitude |
|----------|-----------|
| | |

Universal Transverse Mercator System (UTM)

| Easting | Northing |
|---------|----------|
| | |

*Important note: Please be extremely cautious as landslides can create difficult terrain. Don't put yourself in danger to gather a GPS location on the landslide.
