GEOLOGIC STRUCTURE MAP

AVERAGE ANNUAL PRECIPITATION MAP (inches)

The Wyoming Land Inventory Map was compiled from United States Geological Survey 1:250,000 scale land use cover maps, National High Altitude Photography and Wyoming Water Development Commission photography. The original source materials utilized in the Wyoming Land Inventory Map date from 1936 to 1985.

Published 1987. Subject to revision.

This map was prepared by the Wyoming Department of Agriculture in cooperation with the Wyoming Geological Survey. The Cartographer-in-Charge recognizes the support of the Wyoming Legislature and the personnel of the Wyoming Conservation Commission, the U. S. Department of Agriculture, Soil Conservation Service, the U. S. Department of the Interior, Bureau of Land Management, and the U. S. Department of the Interior, Geological Survey for generous services rendered.
