The Wyoming State Geological Survey (WSGS) and the State of Wyoming makes no representation or warranty, expressed or implied, regarding the use, accuracy, or completeness of the digital data herein, or from a map printed from these data, nor shall the act of distribution constitute any such warranty. The WSGS does not guarantee these digital data herein, or map printed from these data, to be free of errors or inaccuracies.

The WSGS and the State of Wyoming disclaims any responsibility or liability for interpretations from this digital data or map printed from these digital data, or decisions made therefrom. The WSGS and the State of Wyoming retains and does not waive sovereign immunity.

The use of or reference to trademarks, trade names, or other product or company names in this product is for descriptive or informational purposes, or, in pursuit to licensing agreements between the WSGS or the State of Wyoming and software or hardware developers/vendors, and does not imply endorsement of those products by the WSGS or the State of Wyoming.

EPOCHS IN THE SUBSURFACE

[illegible]

Outcrop and
dimension

[illegible]

Surface occurrence of spores or macroconidia (indefinite) or conidia (maternal) not described above. Name of *formal taxon* (indefinite) or *rock type* in parentheses (see list of **FORMATION NAME** and **ROCK TYPE** names).

Surface occurrence of indefinite (indefinite) or conidia (maternal) not described above. Name of *maternal* (not to specify) color description of material as described above. Name of *formal taxon* (indefinite) or *rock type* in parentheses (see list of **FORMATION NAME** and **ROCK TYPE** names).

Substrate occurrence of spores or macroconidia (indefinite) or conidia (maternal) not described above. Name of *formal taxon* (indefinite) or *rock type* in parentheses (see list of **FORMATION NAME** and **ROCK TYPE** names). Number in brackets indicate depth of occurrence, in feet.

Active surface mineralogy. *Mineral species*, *name* (where appropriate), *type* of *mineral* (not to specify), *color* (where appropriate), *name* of *formal taxon* (indefinite) or *rock type* in parentheses (see list of **FORMATION NAME** and **ROCK TYPE** names).

Nonactive surface mineralogy. *Mineral species*, *name* (where appropriate), *type* of *mineral* (not to specify), *color* (where appropriate), *name* of *formal taxon* (indefinite) or *rock type* in parentheses (see list of **FORMATION NAME** and **ROCK TYPE** names). Symbol may indicate more than one *mineral* or *species* in areas of closely spaced *minerals* or *species*.

Inactive surface mineralogy. *Mineral species*, *name* (where appropriate), *type* of *mineral* (not to specify), *color* (where appropriate), *name* of *formal taxon* (indefinite) or *rock type* in parentheses (see list of **FORMATION NAME** and **ROCK TYPE** names). Symbol may indicate more than one *mineral* or *species* in areas of closely spaced *minerals* or *species*.
